

**PLAN**

*VBCPS Plan for Continuous Improvement*

**Review and Analysis of Results**

School: Floyd E. Kellam High School

DATE: 10/31/08

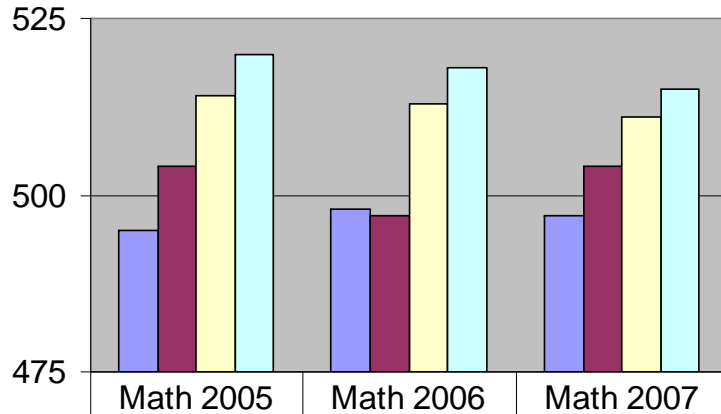

**Review**

(Objective data, qualitative indicators, trends and comparisons)

**Analysis**

(Identify gaps and list priorities)

**Average Math Score**

	Math 2005	Math 2006	Math 2007
Kellam	495	498	497
Virginia Beach	504	497	504
Virginia	514	513	511
USA	520	518	515

Kellam's 2007 average SAT math score is below the division, the state and national average. This year, Kellam has implemented an SAT Prep class which focuses on math skills.

Priority: To raise the average scores to meet or exceed the 2007 state level of 511.

Priority: To increase enrollment in the Math SAT Prep class.
