

Kellam High School PTSA

Did you know high school students can join the PTSA? Most are aware parents and teachers can join, however, now students are invited to be a part of this organization. This is a chance for parents, teachers and students to be involved. With your support, the school benefits by programs and events intended to educate and entertain. On the national level, the program is set up to influence the formulation of laws, policies, and practices – in other words, ensuring laws will benefit all students. By becoming a member of the PTSA, you are helping locally and nationally. The PTSA membership fees remain at \$7.00 per member.

For the second year in a row, the PTSA gave out a total of \$5,000 in scholarship money. The recipients were seniors receiving money to help with their college aspirations. Applicants must be a member to apply for a PTSA scholarship. This is another important reason for parents and students to become members.

Part of Kellam’s support is due to our **Stress Free Fundraising**. This campaign grows in popularity every year. A donation is made to raise the money for the school funds, instead of students selling candy, wrapping paper, etc. The success of this Kellam tradition proves you are in agreement with our alternative way to the *relentless fundraising*. Please consider making a *tax deductible* donation of \$20.00 per student. Last year the money raised from stress free fundraising purchased 2 white boards for the school. This is just one way your donation is working for your school!

Please help us make your school better, join the PTSA and making a donation!! PTSA dues and donation can be combined on one check. Please sign up all students and at least one adult by filling out the attached form. Thank you for supporting Kellam High School’s PTSA!
